

Connect with the care that's right for you

The Find Care tool helps you search for doctors and compare costs

Choosing a doctor or provider you trust is important — and choosing one in your plan's network can help keep your costs down. Finding high-quality, cost-effective care is simple when you use the Find Care tool on the Sydney Health mobile app or anthem.com.

How to use Find Care

The Find Tool tool brings together details about doctors, hospitals, labs, and healthcare facilities in your plan's network. You can easily compare information such as costs, location, and office hours. You can:

1

Search for doctors and facilities in your plan's network by name, specialty, or procedure.

2

Customize the list of providers you see in your search based on factors that are most important to you, such as languages spoken, affiliated hospitals, and location.

3

Review details about doctors such as their specialties, gender, educational background, and contact information.

4

Choose a doctor from the list to review their patient ratings and compare costs for services.

Choose with confidence

You can start using Find Care by downloading the Sydney Health app to your mobile device or logging in to anthem.com. Select **Find Care** and the Find Care tool will guide you through the steps.

We're ready to help you

The Find Care tool empowers you to take control of your healthcare by helping you connect with high-quality care options. If you have questions, you can reach us using the interactive chat feature on the Sydney Health app or through the Message Center on anthem.com.
